We also carry a good selection of small evergreens, potted, ranging in price from \$1.00 to \$3.50.

Roses

POTTED ROSES

Plant our Potted Roses! We are especially proud of the quality and performance of our potted roses. By potting these plants in an extra large container already in February, we start root action before the top begins to grow and thus insures success. These are hardened off and ready to plant after the 20th of April. Notice the completeness of our selection.

SUB-ZERO ROSES

Lily Pons—white\$ 2.25

CHARLES KLEHM and SON OFFER YOU MORE...

SEE WHAT YOU ARE BUYING:

We are here to serve you. During the week you will find Don Stibbe, Tell Bauer, Dave Stibbe and Carl Klehm at the nursery sales yard to help you select the proper plant material to fill your landscaping needs. Feel free to ask us for ideas in using plants to the best advantage around your home. Bring along a snapshot or some dimensions of your home so that we might help you in getting the proper spacing and layout of your plant material. Plant with a plan!

EVERGREENS

Plant our specimen evergreens for year-around landscaping effect and beauty. Evergreens soften building lines most effectively. We have selected the best varieties suited for growing in this section of the country. Visit us and see the wide selection of freshly dug beautiful hardy evergreens. Planting season extends from the latter part of March through April, May and June and again in September, October and November.

TREES & SHRUBS

Plant a tree today to enjoy shade tomorrow. There are many varieties of flowering trees, shade trees and shrubs adapted to our local climatic and soil conditions. These have various blooming seasons and, if properly selected, will produce a succession of blooms that will be exciting and interesting for many months.

Planting season of shrubs extends from the end of March through April and May and again in the fall from the last half of October through November. Many specimen trees and shrubs are balled and burlapped to allow planting to continue through the summer months.

ROSES

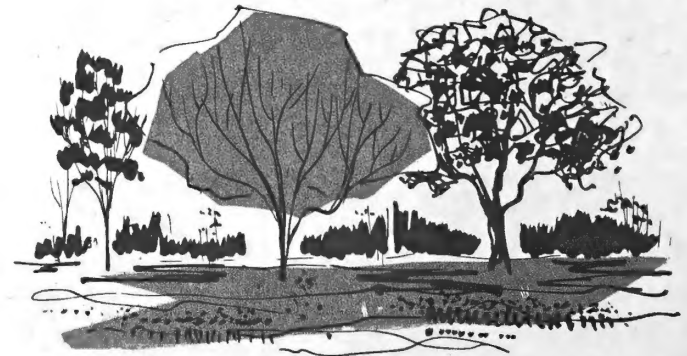

Plant our potted roses for an outstanding all-summer flower show. We are justly proud of their quality. They will be most rewarding and give a dependable performance. These are available after the 20th of April. We have a nice selection of packaged roses to plant earlier in the spring. You will find these in our sales yard from March 15th on.

GRASS SEEDS

We are proud of our own mixture of grass seed, along with being dealers in Scott's and Vaughan's products. We also have the following seeds in bulk: Merion and Kentucky Blue, Merion Blue Formula, Perennial Rye, Red Top, Creeping and Chewing Fescues, Annual Rye, Bent Grass, Poa Trivialis and Alta Fescue. Our services include helping you choose the right seed for your conditions and the loan of equipment free for one day with the purchase of seeds and/or fertilizers.

PERENNIALS

There is no group of plants that will create as much interest in your garden as a variety of hardy perennials. As they come into bloom, we display them in our sales yard in pots ready to be planted in your yard for immediate effect. They include: bleeding hearts, phlox, iris, painted and shasta daisies, columbine, violas, hibiscus, monarda, delphinium, sedum, veronica, funkia, gallardia, etc. We make a special effort in displaying hundreds of phlox which are in bloom during July and August and hardy mums in September and October.

PEONIES

Plant our peonies for huge perfect colorful flowers every year. We invite you to visit our fields of blooming peonies in June. Peonies are planted in the fall, but if possible, select your varieties when they are in bloom from our fields or from our display of cut varieties in our sales room. Peonies have been our specialty since 1902.

ANNUALS

Through the months of May and June you will find in our sales yard one of the largest and most complete displays of colorful annuals to be found in this area. Annuals will give you continuous blooms in your garden from early summer until late fall. We feature petunias, geraniums, salvia, pansies, marigold, moss roses, small vegetables, etc.

BULBS

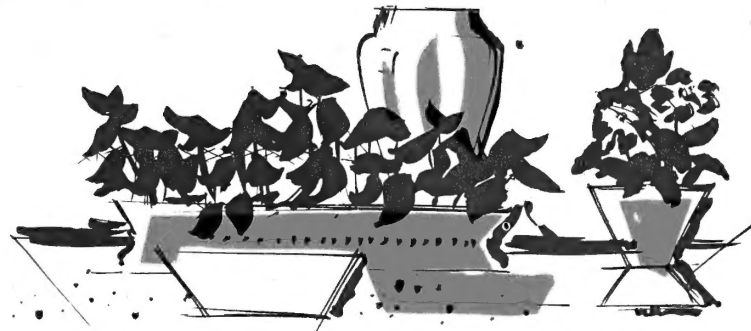

Our bulb room is well known for its wide selection of quality bulbs. You may feel free to choose your own bulbs from our open bins that show the picture of each variety. In March, April, May and June we feature gladiolus, lilies, tuberous begonias, gloxinias and caladiums. In September, October and November, we have a big selection of tulips, hyacinths, daffodils, crocus, squills, lilies, prepared amaryllis, paper whites, etc.

GARDEN SUPPLY DEPARTMENT

To bring out the zest and color of your lawn and plants, use fertilizer liberally. Let us help you find simple ways of controlling weeds, insects and diseases with the use of the proper chemicals. We are dealers for Scotts, Vaughan's, Dupont, Ortho and Armour. We have most everything in the way of supplies.

GREENHOUSE

Browse through our greenhouse where we try to keep year-round interest in such items as: lovely green foliage plants for your home, blooming plants, etc. In the spring we feature geraniums, annuals for shade, such as tuberous begonias, impatiens, etc. During the month of December, you will find our greenhouse well stocked with poinsettias, wreaths and flocked Christmas trees.

CUT FLOWERS

We have fresh cut flowers from the latter part of April until the end of September, including: tulips, French Hybrid Lilacs, Peonies and Gladiolus.

POTTERY AND GIFT WARES

We recently added a new section to our sales room. Here you may find the newest in planters, vases and floor planters in pottery, brass or plastic. Also in November and December we display a large amount of unusual Christmas items, which are selected from all the recent gift shows.
